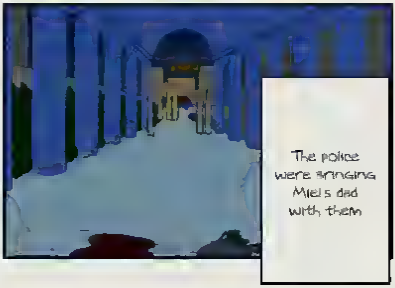
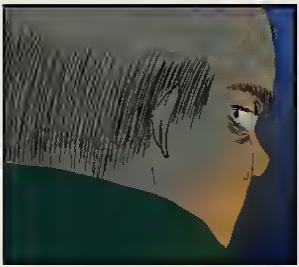
My face was pure white

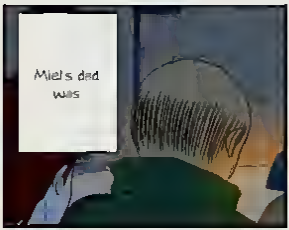
As I tried to explain everything in a panic
Dad was also confused
I cried a little more after I hung up the phone
I'll be home soon, so wait!
By your mom's side!
Uuuh..!
Yes.!

Once I had regained my senses
I turned to the tunnel but my mom wasn't there



The police were bringing Miel's dad with them





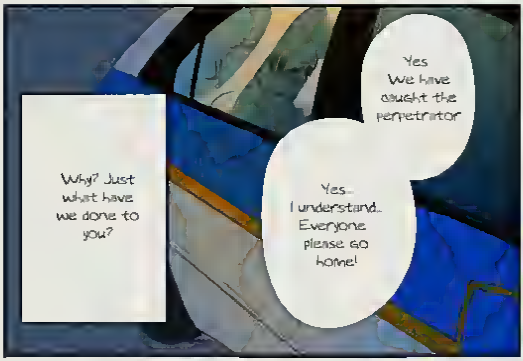
Miel's dad was

shedding tears.

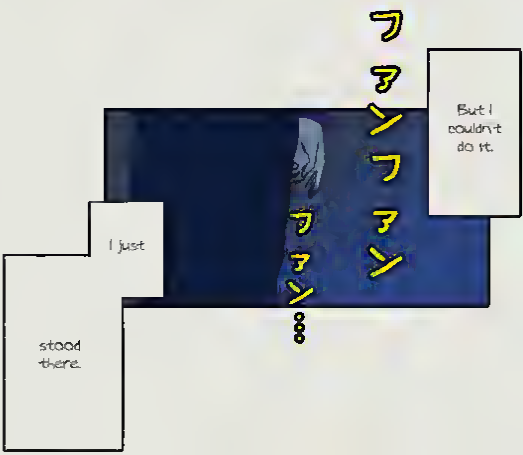
Were they to apologize to us?
What was the meaning of those tears?

Or maybe...

He was mourning that he became a criminal?



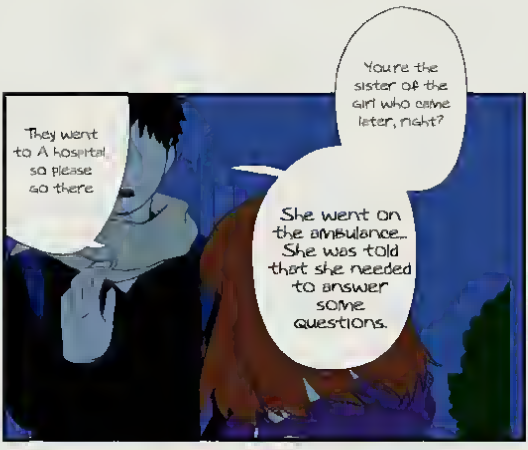
Why? Just what have we done to you?
Yes... I understand... Everyone please go home!
Yes We have caught the perpetrator



ファンファンファン…
But I couldn't do it.
I just
stood there.

Mom

Uhm



They went to A hospital, so please go there
You're the sister of the girl who came later, right?
She went on the ambulance... She was told that she needed to answer some questions.

He's the person from before.
Ah..!

Ah...Sorry
You should go quickly!
That's our schools uniform...
Shall we get out of here everyone?
That man was caught red-handed
There will probably be an investigation!
They can take the onlookers as witnesses
What a heartless guy...

I must thank him another time.

Birdsong.
I need to catch my breath.
